The New Comstock is also important to Washoe County and Carson City. Visible from the state capitol the New

Comstock is the region's largest symbol for Northern Nevada's commitment to green, sustainable energy. The New Comstock will provide valuable tax revenue for Storey County, Washoe County and Carson City as well as approximately 15 long-term jobs.

Proposed View from Firemans' Cemetery

Proposed View from Hwy 341 and Hwy 50

Proposed View from Silver City

The visual simulations presented here are for informational purposes only and are based on the New Comstock Wind Energy project layout as currently proposed. The proposed layout is subject to all required local, state, and federal review, permits, and approvals, including the Environmental Impact Study (EIS) to be performed by the Bureau of Land Management (BLM), and is therefore, subject to change. These visual simulations were produced by Great Basin Wind LLC and have not been approved by the BLM. The BLM will produce separate visual simulations during the EIS process for the New Comstock Wind Energy Project

The Bureau of Land Management (BLM) has begun its two year Environmental Impact Study (EIS) of the New Comstock. To participate in the EIS visit the [BLM's New Comstock Wind Energy Project web site](#) or contact newcomstockwind@blm.gov.
